CERTIFICATE IN SHIPPING

ASSESSMENT

Participants are required to submit nine test papers of multiple-choice questions plus an equivalent number of short written essays of about 150 words each. At the end of the course participants will be required to attend an assessment interview.

The best six out of the first eight test papers plus the mark obtained from the interview will count for the final mark.

ADDRESSED TO

- New entrants with little or no exposure to the industry
- All involved in executive shipping administration
- Applicants at the ICS Professional Maritime Programme who wish to attend an introductory course
- Investors, lawyers, financial managers and similar professionals working in the industry
- Suppliers, manufacturers, distributors, customs officers, export managers and retailers
